

Copyright Transferor's Retained Rights

The article subject of this Agreement is a “work for hire” made within the scope of the author’s employment. The authors and Amgen Inc. retain the rights enumerated below without need to obtain permission from Publisher unless otherwise indicated:

1. The right to use all or part of the information in this article for intra-company use and distribution, and any other “rights of authors” designated herein
2. The right to use the article in private scholarly communications and in teaching.
3. Patent rights to any composition of matter, article of manufacture, machine, process or procedure mentioned in the article.
4. Trademark rights regarding any subject matter mentioned in the article.
5. The right to include the article in full or in part in a thesis or dissertation, provided that this is not to be published commercially.
6. The right to photocopy or make electronic copies of the article for personal use, including classroom use, or for the personal use of colleagues, provided that the copies are not offered for sale and are not distributed in a systematic way outside of their employing institution (e.g. via an e-mail list).
7. The right to reactively supply single print or electronic copies of the article or parts of the article to individual third parties upon request for medical information purposes, without modification of copyright notices already incorporated in the published article.
8. The right to retain a pre-print version of the article on an electronic public server.
9. The right to post the final published version of the article on a secure network (not accessible to the public) within the author’s institution. Posting of the final published version of the article on a public file server such as on the World Wide Web can only be done with the prior written permission of Publisher.
10. The right, subsequent to publication, to use the article or any part thereof, free of charge in a printed compilation of works of their own, such as collected writings or lecture notes.
11. The right to prepare derivative works, with full acknowledgment thereof to Publisher.

As the article is a “work for hire,” the agreement is executed by an authorized representative of Amgen Inc.
